

Learning Enrichment and Assistance Program, LLC

2009-2010 ACT/SAT Prep Programs

Our Approach

LEAP has a two-phased approach to ACT and SAT preparation. Our philosophy allows students, in a small group setting, to get some test preparation without committing to a high number of sessions and costly fees while still allowing for intense preparation for those who need and want such. Families who desire only individual instruction may choose this option and forego the phase one class.

- **Phase One: Strategies Course**

The course consists of four – hour and a half strategy sessions: English, Mathematics, Reading/Science, and Essay. Each strategy session includes introduction to the ACT and SAT tests, explanation of strategies for particular questions, group practice of strategies, independent practice and question/answer time. The class also includes the administration of a three-hour ACT retired test that is scored and students can keep reviewing. At the conclusion of the course, students will have completed 3 full ACT's and 1 SAT. All courses limited to 10 students, but we offer several opportunities each time to accommodate many students.

- **Phase Two: ACT/ SAT Individual Tutoring**

After students have taken their first test and have received their scores, students may register for individual tutoring to strengthen weak areas prior to their next testing attempt. The advantage here is highly individualized instruction to meet the student's needs for college entrance.

Dates/Cost

LEAP will host classes before each test date year-round. Each class will correspond to an ACT or SAT test date ending just prior to the test date. It is best if students' test prep ends close to a test date.

Cost of course is \$130. Book (approx. \$20) must be purchased separately but can be used for both class and individual tutoring.

Location

Most classes take place in Mason at our location. LEAP also has a remote location program where we bring our program to your school as an after-school enrichment program. Interested in LEAP's Remote Location Program? Have your school contact LEAP.

Registration

Registration begins approximately one month prior to the beginning of a session. Registration forms will be emailed to those in the LEAP ACT/SAT database. To be added, please contact us. Registration forms are also available on the LEAP website, www.leaprogram.com, and through your guidance counselor. All registration is first come, first serve.
